Yes	Yes	Specific topics for all lev	Yes	\$3	Should be coaching for topics. There is no way to assess skill levels currently. Sessions such as "Competitive", "Recreational", and "Open" are playing preferences, not a measure of skill levels. Would like to see all players perform an objective Self-Assessment- there are models available.	Yes
Yes	Yes	Specific topics for all lev	Yes	\$3	I think that beginners who need absolute beginning skills like scoring, serving and beginning strategies, should remain with their beginners' coach. People who have played the past year and need middle level coaching would benefit from their own coach. We need help on teamwork, down the line hitting, returning slams, and anything else the coach thinks we need help with. I would also like to be rated at a certain level because I don't know how to self evaluate. Thanks so much and I look forward to receiving some coaching.	No

Yes	Yes	Skill levels	Yes	\$5	I could help only on a limited basis since I'm pretty new. I could help a real coach as a "helper" to return balls to practicing participants, or, to coach whatever the real coach wants practicing participants to practice, or come early to set up nets for the coach, etc. I hope this makes sense. The Board or Coach can contact me direct for more info if needed.	No

We didn't need coaching so there was no cost. I would need to know who & when was doing the coaching.	Yes

Yes	Yes	Skill levels	Yes	\$1	We need to have more advanced player sessions only. It is boring to play when there are weak players. Our goal should be to have all players reach there highest potential. That can only happen thru coaching / drills. I dont attend much cause the advanced play time has too many weak players. There should be a 3rd level of play 4-5.0 players so it will be more competitive. I would be glad to assist in helping others grow in there skills	No
